

Environmental Policy

Caswells Group Limited is a company whose business activities include the supply of industrial equipment and consumables and the installation and maintenance of fire extinguishers.

The company recognizes that its services may impact upon the environment and thus provides this policy with the objective to respect and care for the environment and comply with current legislation, regulations and other applicable requirements.

This policy has the aim of minimizing the impact on the environment whilst maintaining the quality of its business activities.

In order to formalize this commitment the company shall: -

- Seek to minimize pollution to air, water and land during the operation of its activities.
- Work with its suppliers and subcontractors to maintain the company's environmental standard.
- Control the disposal of waste materials in order that they can be recycled.
- Encourage all employees and those persons working on behalf of Caswells Group Ltd to play an active role in meeting environmental objectives by providing the necessary information, instruction and training when appropriate.
- Operate in close liaison with the local community.
- Be committed to continual improvement on environmental issues where economically feasible.
- Regularly review this policy for its continuing suitability.
